ARTS COUNCIL ANNUAL REPORT 2009

*The* work of the South Dakota Arts Council and the National Endowment for the Arts has now spanned four generations. The first Arts Council members were children of the Great Depression, the second were the children of those children, and now we are grandparents to a generation of artists who have never known life without the NEA and the SDAC. They also have never known a world without computers and the Internet. They are as passionate and sure that they are creating the world anew as we were at their age, fighting the great fight to bring art to people who didn't often experience it.

You who make up the South Dakota Arts Council are very remarkable people in a long line of remarkable people, dedicated to bringing the arts vibrantly into the lives of all South Dakotans. As both citizens and artists, we know you are there, off stage, holding it all together and supporting and encouraging artists to give it our best."

MEMORANDUM

TO: Governor M. Michael Rounds and State Legislators  
FROM: Jane Rasmussen, Sisseton, South Dakota Arts Council Chair  
Michael Pangburn, Pierre, South Dakota Arts Council Director  
RE: Fiscal Year 2009 Annual Report (July 1, 2008 – June 30, 2009)

It is a pleasure to submit the FY 2009 South Dakota Arts Council Annual Report to the Governor and Legislature.

The mission of the South Dakota Arts Council, a state agency within the Department of Tourism and State Development, is to make quality arts programs accessible throughout the state. We accomplish our mission by providing funds, services and information to artists, arts organizations, other non-profit groups, schools and the public. The State Arts Council strives to ensure access to the arts and educational arts opportunities as part of life-long learning in South Dakota.

The State Arts Council's FY 2009 co-sponsored activities reached an audience of 2.5 million people, with 18,185 artists participating in 9,864 events. The 539 grants awarded were supported with funds from the State of South Dakota and the National Endowment for the Arts, a federal agency. SDAC's Fiscal Year 2009 budget of \$1.4 million dollars generated \$12.8 million in local cash matching funds.

As you read through this annual report, you will discover the diverse impact South Dakota Arts Council support has on our state's quality of life, cultural tourism and economic development. Arts Council programs impact South Dakota citizens in small towns, large cities and isolated rural areas, reaching audiences from east to west and north to south. With your continued support, we will persist in our efforts to advance the arts in all areas of the state.

Thank you.

## ENABLING LEGISLATION

Introduction to South Dakota  
Codified Laws 1-22 – 1966 Legislative Session

The South Dakota Legislature, being aware of the impact of culture on a stable economy, desires to stimulate, encourage, and give recognition and assistance to the arts which, in order to grow and flourish, depend upon freedom, imagination and individual initiative. While the development of the arts has long been considered a matter of local concern, there is a need to unify and coordinate these forces on a statewide basis. The arts, the creative spirit which motivates them and which they personify, are an essential part of the state's human resources. The best interest of the state and its people requires that artistic expression in all of its forms be disseminated for everyone to see, appreciate and enjoy in order for our cultural and economic progress to be sustained and given impetus. There is created a South Dakota Arts Council composed of eleven members appointed by the Governor.

South Dakota Arts Council receives support from the State of South Dakota, through the Department of Tourism and State Development, and the National Endowment for the Arts, a federal agency.

## AGENCY MISSION

The South Dakota Arts Council is a state agency serving South Dakotans and their communities through the arts.

## AGENCY PURPOSE

Recognizing the importance of creativity in the lives of all South Dakotans, the Council makes quality arts accessible throughout the state by providing encouragement, grants, services and information to artists, arts organizations, schools, and the public.

## PUBLIC VALUES

We believe that

- Access to the arts by all South Dakotans is intrinsic to the well being of our communities and the state.
- The arts play an essential role in tourism and economic development.
- Arts education stimulates creativity, communication and life-long learning.
- Strong arts organizations contribute to vibrant, progressive communities.
- Artists enhance the state's quality of life and require an environment which nurtures and sustains their work.

## LONG RANGE GOALS

**Enhance quality of life and economic development through the arts.** The arts can inspire creativity, celebrate traditions, help reconcile differences, provide recreation, enhance tourism and contribute to the economic and social development of whole communities. The Arts Council encourages and supports the efforts of South Dakota artists and arts organizations to enhance community livability.

**Promote public awareness and support of the arts.** The Council believes greater awareness of the arts influences sustained support. In the public's interest, programs and services of the Arts Council are designed to inform and educate people about the value of the arts for the well-being of South Dakotans.

**Advance the arts as essential to education and life-long learning.** Understanding the arts as basic to a good education, the Arts Council seeks to integrate the arts in education by supporting planning, curriculum development and teacher training. All children should experience the arts in their school, consistent with established state fine arts content standards. In addition, the arts should be an integral part of life-long learning.

**Strengthen arts organizations.** South Dakota needs strong and effective cultural organizations to connect the people and communities of the state with artists and arts programs. The Arts Council provides funds, information and services to encourage both large and small organizations to strive for excellence and further South Dakota Arts Council goals. Together with South Dakota artists, these organizations contribute to their communities.

**Encourage and support artists.** Recognizing that artists are central to the creative environment of South Dakota, the Council provides funding, information and services to artists for their artistic and professional growth. The Council values artists of all disciplines and cultures, amateur and professional, rural and urban, those who innovate and those who maintain the traditional arts.

**Ensure accessibility to the arts.** The Council seeks to minimize and eliminate barriers to the arts imposed by economic status, education, prejudice, distance or special needs. In all Council-funded programs and services, accessibility for every South Dakotan is paramount.

# TS&D OVERVIEW

The South Dakota Department of Tourism and State Development (SDTSD) is comprised of five divisions -Arts Council, Governor's Office of Economic Development, State Historical Society, Tourism, and Tribal Government Relations. The divisions work together to increase tourism, business development, and quality of life in South Dakota.

Additionally, the SDTSD has three associated authorities –Ellsworth, Housing, and Science and Technology. The authorities work independently, but collaborate with the Department of Tourism and State Development to make South Dakota a great place to live, work, visit and do business.

For more information, visit [www.tsd.sd.gov](http://www.tsd.sd.gov).

## ELLSWORTH DEVELOPMENT AUTHORITY - SDEDA

The purpose of the South Dakota Ellsworth Development Authority (SDEDA) is to protect and promote the economic impact of Ellsworth Air Force Base and associated industry and to promote the health and safety of those living or working near the base.

The authority was established by South Dakota law in 2009. Gov. M. Michael Rounds appointed a seven-member board which selected an Executive Director to manage the SDEDA. With local government and the Governor's Office of Economic Development, the SDEDA is working to implement a long-term business plan to assure that South Dakota continues to be a great place for the Department of Defense to conduct its national defense mission at Ellsworth Air Force Base.

For more information, visit [www.ellsworthdevelopmentauthority.org](http://www.ellsworthdevelopmentauthority.org).

## GOVERNOR'S OFFICE OF ECONOMIC DEVELOPMENT (GOED)

The Governor's Office of Economic Development is responsible for growing the state's economy through business development.

To do this, the GOED is increasing emphasis on trade shows and community partnerships within targeted industries - biotechnology, value-added agriculture, energy development, firearms and information technology. The GOED has also updated its finance programs to meet business needs.

Through these efforts, in 2009, the GOED has provided more than \$21 million in financing assistance to South Dakota businesses, secured 30 new businesses, identified 375 new business prospects, and recruited more than 1,000 new jobs to South Dakota this year. Additionally, throughout the last six years, South Dakota's Gross State Product (GSP) has grown by more than \$10 billion. And in 2008, the state's GSP was \$36.9 billion.

For more information, visit [www.sdreadytowork.com](http://www.sdreadytowork.com).

## HOUSING DEVELOPMENT AUTHORITY

The South Dakota Housing Development Authority's (SDHDA) mission is to encourage and develop affordable housing throughout South Dakota.

In FY09, the SDHDA contributed more than \$230 million to affordable housing projects. Those dollars supported more than 1,700 families or individuals through the First-time Homebuyer program and provided rental assistance for more than 5,600 units. Other SDHDA programs include the Governor's House Program, Rural Site Development loans, Housing Tax Credits for housing projects, the Tax Credit Assistance Program, the HOME program, and homeownership education, counseling and foreclosure prevention.

Through Emergency Shelter Grants, 20 emergency and domestic violence shelters received more than \$330,000. Grants totaling more than \$378,000 were provided to the South Dakota Housing for the Homeless Consortium.

Additionally, through the Housing and Economic Recovery Act of 2008 Neighborhood Stabilization Program (NSP), \$8.5 million was awarded to projects in 15 South Dakota communities.

For more information, visit [www.sdhda.org](http://www.sdhda.org).

## OFFICE OF TOURISM

The mission of the Office of Tourism is two-fold: first, to promote the state as a vacation destination and provide a pleasant experience for all visitors of the Mount Rushmore State and second, to be a resource for the South Dakota visitor industry and support the industry in the promotion of business.

With a FY 2009 budget of \$11 million, the Office of Tourism, in partnership with South Dakota's visitor industry, ran three marketing campaigns that reached potential travelers in Colorado, Iowa, Minnesota, Nebraska, North Dakota, South Dakota, Wisconsin and Wyoming.

The Office of Tourism also increased the number of public-private partnerships through programs such as the Million Dollar Challenge, Rooster Rush and Digital Revolution. Thus far in FY10, the Million Dollar Challenge program granted nearly \$440,000 to new marketing initiatives, Rooster Rush provided \$25,000, as well as hunting promotional materials to communities across the state, and our cooperative digital marketing effort Digital Revolution has already gained 233 partners.

## OFFICE OF TRIBAL GOVERNMENT RELATIONS

The Office of Tribal Government Relations works to establish and maintain effective communications between South Dakota Tribal Governments and the state. Specifically, the Office works to improve the quality of life for Native Americans in South Dakota through legislation, resource coordination and advocacy.

In 2009, The Office of Tribal Government Relations also continued its partnership with the South Dakota Indian Business Alliance. The Alliance strives to remove Indian Country business-development barriers and expand Indian-owned businesses through partnerships. The Office also continues working with other government agencies to renew state-tribal tax collection agreements and promote tribal tourism in South Dakota.

Aside from day-to-day efforts, in 2009, the Office of Tribal Government Relations helped coordinate the construction of a new Department of Social Services building that would be owned and leased by the Oglala Sioux Tribe to three different state agencies.

For more information, visit [www.SDTribalRelations.com](http://www.SDTribalRelations.com).

## SCIENCE AND TECHNOLOGY AUTHORITY

The South Dakota Science and Technology Authority is reopening the former Homestake gold mine as the Sanford Underground Laboratory, in preparation for Homestake's conversion into a national Deep Underground Science and Engineering Laboratory (DUSEL).

Progress in 2009 included the dedication of the Sanford Underground Lab at the 4,850 foot level, where physics experiments will be installed in 2010; a \$29 million grant from the National Science Foundation for the continuation of lab development; and the development of a surface laboratory – home to the facility's first physics experiment.

The lab is funded, in part, by nearly \$35 million provided by the South Dakota Legislature and a \$70 million gift from T. Denny Sanford.

Once fully developed, the Sanford DUSEL at Homestake will have facilities as deep as 8,000 feet underground, making it the deepest underground lab in the world.

For more information, visit

[www.sanfordundergroundlaboratoryathomestake.org](http://www.sanfordundergroundlaboratoryathomestake.org).

## STATE HISTORICAL SOCIETY

The South Dakota State Historical Society (SDSHS) works to preserve history, promote cultural tourism, and build the quality of life in South Dakota. This is accomplished through five program areas - archaeology, archives, historic preservation, museum, and research and publishing.

In FY2009, SDSHS saw many successes -the launch of a new exhibit at the Cultural Heritage Center Museum in Pierre to commemorate the 100<sup>th</sup> anniversary of the State Capitol; the publishing of eight new books including *The South Dakota State Capitol: The First Century*; 65 archaeological site surveys and 19 excavations; 12,000 archives requests; 145,000 traveling exhibit visitors; and an American Association for State and Local History merit award.

We encourage you to learn more about SDSHS by visiting our museum and headquarters in Pierre or by visiting our new Web site (launching in January 2010) at [www.history.sd.gov](http://www.history.sd.gov).
